OF CORRECTION

Applicants respectfully request that the enclosed proposed Certificate of Correction (two pages) be entered with regard to the above-identified patent. The proposed changes correct typographical errors made by the Applicants and the Patent Office which were not corrected prior to issuance.

In Claim 1, col. 46, line 3, the symbol for oxygen "O" was mistakenly typed as a zero "0."

The original Claim 19 (now Claim 7) included the language "...[3,2-e]..." The issued patent dropped this language, treating the same as amendment language to be deleted. It is part of the claimed compounds' names and needs to be included.

The Commissioner is also authorized to deduct the \$100.00 fee for this correction from Deposit Account No. 01-0682. The Commissioner is hereby authorized to charge any additional fees which may be required or to credit any overpayment to Deposit Account No. 01-0682. A duplicate copy of this letter is attached.
